

CALL FOR PAPERS

Regional Education Conference on E-learning

2ND REGIONAL EDUCATION CONFERENCE ON E-LEARNING (RECE 2013)

3RD - 6TH SEPTEMBER 2013

Information and Communication Technology (ICT) has made a great impact on the way knowledge is produced and shared, which in turn has called for a paradigm shift in educational practices from teacher-centered to learner-centered learning. Different stakeholders in the field of ICT in education, such as policy makers, planners, teacher educators, teachers and private sectors are actively involved in various initiatives for the effective integration of ICT in Education.

Kenya ICT Trust Fund is hosting the 2nd **Regional Education Conference on E-learning (RECE2013)** at the Kenya Institute of Curriculum Development - KICD (formerly KIE). The theme of the conference is **Mainstreaming ICT in Education**, based on the five pillars of ICTs, in education: 1. Policy and Strategy 2. Curriculum and Content 3. Hardware and Software 4. Teacher professional Development 5. Internet and Connectivity

Kenya ICT Trust Fund hereby invites academia, Industry and other stakeholders to make presentations on the five pillars above, during the conference.

Topics of interest in the categories will include:

Policy and Strategy:

1. Mainstreaming ICT in the Education Policy in Kenya
2. ICT Policy localization: Creating County level /School level ICT Strategic plans.

Curriculum & Content

1. 21st Century Learning in Kenya: A critical analysis of 21st century learning in Kenya.
2. The value of Interactive digital content (animations, simulations) in curriculum delivery.
3. Learner-centered pedagogy. The paradigm shift
4. Assessing 21st Century Education.

Teacher professional development

1. ICT Competency framework for teachers.
2. Teacher professional development models.
3. National technology in education standards (Teaching with ICT across the continuum).

Hardware and Software

1. Classrooms of the future. Breaking the traditional four walls of the classroom.
2. Educational software and their integration in education
3. ICT infrastructure for budget constrained schools.
4. Making technology work. (Power Technical support & Maintenance of ICT Infrastructure).

Deadline for Submission of Abstracts, Papers and Presentations is on Thursday 25th July, 2013. Notification of Acceptance of the papers will be on Wednesday 31st July 2013. Please note that abstracts should not be more than 500 words.
